

Woodlands County Seasonal Road Maintenance Programs Update

County staff and equipment will be working on your roads performing dust control, oiling, shoulder pulls and various road constructions. Because of this activity, road conditions may be unfavourable for a few days.

Please slow down and proceed with caution when approaching road crews and equipment.

Some road maintenance projects have been delayed or cancelled due to the heavy rainfalls experienced in July.

For further information, please check our website @ www.woodlands.ab.ca
