

Due to extremely dry conditions and high winds, Woodlands County has issued a Total Ban on all outdoor fires outside of the forest protection area. The Burning Ban will begin immediately and will be in effect until further notice.

The burning ban means that there are absolutely no outdoor fires permitted including, but not limited to, recreational bonfires, burning barrels, incinerator fires, smudge fires, pit fires, etc. This does not include gas fired barbeques.

For additional information regarding the burning ban please contact Woodlands County at (780) 778-8400 or check on the Woodlands County website at www.woodlands.ab.ca
