

**OPEN HOUSE – Water/Sewer Line Contracting
January 30th at 7:00 p.m. in the Westward Community Centre**

Woodlands County Council has finalized its cost review of the water/sewer line installation for the airport and area.

As promised, we will be hosting an open house to review these costs with the ratepayers of Woodlands County and hope that you are able to attend.

A summary of our fee structure is provided below and it contemplates a full repayment of the costs by those who benefit from it. Residents will have the option of paying for the service entirely upfront or paying for it over time (up to 25 years), with equitable interest applied throughout the repayment period.

Residential Water line	\$11,528
Industrial/Commercial Water/Sewer line	\$18,362

Woodlands County is also offering a **\$2000 incentive** to those who choose to sign up in 2012, which will lower the above-noted costs to \$9,528 for residential and \$16,362 for commercial services.
