

Public meeting

Woodlands County, in conjunction with Alberta Sustainable Resource Development, is hosting a meeting on

Thursday, August 26, 2010

7 p.m.

Goose Lake Community Hall.

The primary purpose of the meeting will be to present and solicit feedback on proposed changes to Wildlife Management Unit (WMU) boundaries in the Goose Lake area (WMUs 349 and 507). This will offer an opportunity for landowners to understand the impact a change like this will have on hunting regulations.
